Plan of Improvement: Developed This Date

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.decgal.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Finding

591-1-1-.33(3)(a)-(k) requires each Staff member with direct care responsibilities to complete health and safety orientation training within the first 90 days of employment. The state-approved training hours obtained will count toward required first year training hours. The training must address the following health and safety topics:

a) prevention and control of infectious diseases (including immunizations); b) prevention of sudden infant death syndrome and use of safe sleeping practices; c) administration of medication, consistent with standards for parental consent; d) prevention of and response to emergencies due to food and allergic reactions; e) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic; f) prevention of shaken baby syndrome, abusive head trauma and child maltreatment; g) emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event (such as violence at a child care facility); h) handling and storage of hazardous materials and the appropriate disposal of bio contaminants; i) precautions in transporting children; j) recognition and reporting of child abuse and neglect; and k) child development to include all major domains: cognitive; social and emotional; physical development and motor skills; communication, language, and literacy; and approaches to play and learning. It was determined based on a review of records that staff members #1, #8, #11, #15 and #19 did not have health and safety on file for viewing within 90 days of hire.

POI (Plan of Improvement)

The Center will develop and implement a plan to schedule and track this training for all employees based on their hire dates and will ensure that the training includes all required components as required.

591-1-1-.32 Supervision(CR)

Not Met

Finding

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on observation that in Room 105 the staff member was standing at the cubbies while two 2-year-old children were eating.

POI (Plan of Improvement)

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.

Correction Deadline: 1/7/2026
