Advisement of Potential for Repeated Rule Violations during Pending Investigations

This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. Please be aware that the investigation may take some time to be finalized to ensure fairness and accuracy. During this investigation period, any violations of an identical rule or rules will require the department to treat any and all substantiated rule violations identified in the investigation as repeated rule violation(s).

Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Incident Investigation Closure:

Activities and Equipment

591-1-1-.03 Activities

Not Met

Finding Associated with Complaint

591-1-1-.03(9) requires center staff to refrain from engaging in, or allowing children or other adults to engage in, activities that could be detrimental to a child's health or well-being, such as but not limited to, horse play, rough play, wrestling, and picking up a child in a manner that could cause injury. It was determined based on investigative findings that the allegation that a one-year-old child was picked up by the left arm improperly by a staff member and sustained Nurse maid's elbow was substantiated. Staff statements, interviews and video footage revealed that on January 19, 2024, staff member A was transitioning the students for lunch. Staff statements, interviews and video footage further revealed that a student was crawling on top of another student by the gate in the classroom. Staff statements, video footage and interviews further revealed that staff member A lifted the child up by one arm to move the child to safety.

POI (Plan of Improvement)

The Center will review requirements with Staff to ensure that appropriate activities are conducted with children.
