Plan of Improvement: Developed This Date 01/25/2024

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

- 2) On the home page scroll down to the Inspection Reports and select 'Refute Citation' for the visit report in dispute
- 3) Select the specific rule number(s) that you are refuting, add the reason for disagreement regarding the rule citation, and upload supporting documentation
- 4) Submit the refutation in DECAL KOALA to Child Care Services (CCS) within 10 business days of the completion date.

Your refutation will be forwarded to the appropriate CCS manager, who will follow up with you about your concerns. If you have any questions about this process, contact our office at 404-657-5562.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Finding

591-1-1-.14(2) requires a Staff member who is trained in CPR and first aid to be on the premises and on any field trip whenever any child is present. In addition, Staff who provide direct care to children must satisfactorily obtain certification in first aid and CPR by December 29, 2016 if employed prior to September 30, 2016 and within 90 days of their hire date if employed after September 30, 2016. It was determined based on a review of records that 10 out of 19 staff members did not have current first aid and CPR and at least half of the staff were not current in their certification.

POI (Plan of Improvement)

The Center will develop a schedule to ensure there is always a staff person with current first aid and CPR training present and will develop and implement a plan to ensure all staff members have satisfactorily completed first aid and CPR training by the specified date.

Correction Deadline: 2/24/2024**Finding**

591-1-1-.14(3) requires the Center to have a first aid kit in each building of the Center and in any vehicle used by the Center for transportation of children, that contains scissors, tweezers, gauze pads, adhesive tape, thermometer, band-aids, assorted sizes, antibacterial ointment, insect-sting preparation, an antiseptic cleansing solution, triangular bandages, rubber gloves, protective eye wear, a protective face mask, and a cold pack. The first aid kit, together with a first aid instruction manual which must be kept with the kit at all times, shall be stored so that it is not accessible to children but is easily accessible to Staff. It was determined based on observation that the first aid kit for the Center did not have insect-sting preparation and protective eye wear as required.

POI (Plan of Improvement)

Center Staff will provide any missing first aid kits, add any missing items to each first aid kit and will develop and use a plan for checking the kits and replacing missing items in each kit in the future. First aid kits and instruction manuals will be stored so that they kits are not accessible to children but are easily accessible to Center Staff.

Correction Deadline: 2/4/2024

Finding

91-1-1-.33(5) requires that every calendar year after the first year of employment, all supervisory and caregiver Personnel, except independent contractors, Students-in-Training and volunteers shall attend ten (10) clock hours of diverse training which is task-focused in on-going health, safety and early childhood or child development related topics and which is offered by an accredited college, university or vocational program or other Department-approved source. The annual ten (10) clock hours of training shall be chosen from the following fields: child development, including discipline, guidance, nutrition, injury control and safety; health, including sanitation, disease control, cleanliness, detection and disposition of illness; child abuse and neglect, including identification and reporting, and meeting the needs of abused and/or neglected children; and business related topics, including parental communication, recordkeeping, etc.; provided however that such business related training shall be limited to no more than two (2) of the required ten (10) clock hours of training. Records of completion of such training shall be maintained, as required by these rules. It was determined based on a review of records that seven out of 19 staff members did not attend ten (10) clock hours of diverse training which is task-focused in on-going health, safety and early childhood or child development related topics and which is offered by an accredited college, university or vocational program or other Department-approved source. The annual ten (10) clock hours of training shall be chosen from the following fields: child development, including discipline, guidance, nutrition, injury control and safety; health, including sanitation, disease control, cleanliness, detection and disposition of illness; child abuse and neglect, including identification and reporting, and meeting the needs of abused and/or neglected children; and business related topics, including parental communication, recordkeeping, etc.; provided however that such business related training shall be limited to no more than two (2) of the required ten (10) clock hours of training.
