Plan of Improvement: Developed This Date 09/25/2024

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/RuleAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Finding

591-1-1-.25(13) requires that potentially hazardous equipment, materials and supplies be stored in a locked area inaccessible to children. It was determined based on observation that there were wipes in the plastic bag they come in, diapers in the plastic bag they come in, and a grocery bag in the unlocked cabinet underneath the changing table in Room A that were accessible to children. Additionally there was a plunger beside the toilet in the children's bathroom for Room B.

Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that the fence to the far right of the playground closest to the parking lot measures 45.5 inches high and 46 inches high at different points. Additionally there was one nail sticking up from the gate used to enter the playground. Additionally, the taller wooden fence to the left had one panel leaning forward leaving a gap larger than ten inches presenting an escape hazard and it had one panel leaning backward, leaving a gap that ranges from one to four inches presenting an entrapment hazard. Additionally, there were exposed nails along the open gaps. The staff member stated the director said the fence is scheduled to be repaired on October 1, 2024.

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

Correction Deadline: 10/4/2024

All equipment shall be arranged so as not to obstruct supervision of children. Please replace, repair, or remove the cozy coupe that is missing the gas cap, leaving the sharp plastic hole, and missing a steering wheel and replace, repair, or remove the blue rocking horse that had a broken handle.

Correction Deadline: 10/5/2024

It was determined based on a review of records that there was no infant feeding plan on file for one nine-month old infant in the infant room.
