Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.decga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

- 2) On the home page scroll down to the Inspection Reports and select 'Refute Citation' for the visit report in dispute

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

The following information is associated with a Complaint Investigation Follow Up:

Facility	
----------	--

591-1-1-.19 License Capacity(CR) **Not Met**

Finding

591-1-1-.19(1) requires a Center to provide 35 square feet of usable space per child, which will determine the Center's License capacity. It was determined based on observation that there were 23 three-year-olds and 6 four-year-olds in Room 4 when the room is licensed for 28 children. Staff stated that they had 30 that morning but one child had left sick.

POI (Plan of Improvement)

The Center will limit the number of children in this space to the licensed capacity.

Correction Deadline: 4/29/2024

591-1-1-.25 Physical Plant - Safe Environment(CR) **Met**

Comment

Please secure cleaning tools (i.e., broom, plunger) out of reach of children.

Food Service	
--------------	--

591-1-1-.15 Food Service & Nutrition **Not Met**

Finding

591-1-1-.15(3) requires baby bottles and formula to be labeled with the individual child's name; supplied by the Parent daily in bottles; and refrigerated at a temperature of forty (40) degrees Fahrenheit or less. Only the current day's formula or breast milk shall be served. If formula must be provided by the Center, only commercially prepared, ready-to-feed formula shall be used. Refrigerated or frozen breast milk shall only be heated or thawed under warm running water or in a container of warm water. It was determined based on observation and staff statements that a five-month-old in Room A had a bottle with formula and baby food mixed in per the parent's request. Staff stated that the parent brings pouches of food and they put the food in the pre-made bottles.

POI (Plan of Improvement)

The Center will train Staff to follow the required procedures, ensure that parents are fully informed, and will review and monitor regularly.

Correction Deadline: 4/29/2024
