The purpose of this visit was to conduct a complaint investigation and follow up visit.

Plan of Improvement: Developed This Date

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.decal.ga.gov/CCS/RulesAndRegulations.aspx> , for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Refutation Process:

You have the right to refute any of the citations noted in this report with which you disagree. To refute a citation(s), do the following:

- 1) Log into DECAL KOALA www.decalkoala.com with the userid for your program
- 2) On the home page scroll down to the Inspection Reports and select 'Refute Citation' for the visit report in dispute
- 3) Select the specific rule number(s) that you are refuting, add the reason for disagreement regarding the rule citation, and upload supporting documentation
- 4) Submit the refutation in DECAL KOALA to Child Care Services (CCS) within 10 business days of the completion date.

Your refutation will be forwarded to the appropriate CCS manager, who will follow up with you about your concerns. If you have any questions about this process, contact our office at 404-657-5562.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Contact the Quality Rated help desk at 855-800-7747 or qualityrated@decal.ga.gov for more information. Free technical assistance is available!

The following information is associated with a Complaint Investigation Follow Up:

	Facility
591-1-1-.26 Playgrounds(CR)	Not Met

Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that an approximately seven inch gap was present at the bottom of the back playground gate leading into the basketball court area, creating a potential entrapment hazard. It was further determined that 9bolts along the fence facing into the basketball court area extended more than two threads, creating a potential impalement hazard.

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

Correction Deadline: 2/27/2026

Recited on 2/13/2026

Finding

591-1-1-.26(8) requires climbing and swinging equipment to have a resilient surface beneath the equipment and the fall zone from such equipment must be adequately maintained by the Center to assure continuing resiliency. It was determined based on observation that the resilient surfacing within the fall zone areas of the blue and yellow playground structure, located on the left side side of the playground, measured approximately one inch in depth, when six inches was required. It was further determined that the resilient surfacing within the fall zone area of the blue climbing structure, located on the left side of the playground, measured one inch in depth, when three inches was required.

POI (Plan of Improvement)

The Center will add additional resilient surfacing to the fall zones where needed and check daily, adding resilient surfacing as needed to maintain adequate resiliency.

Correction Deadline: 3/6/2026

Recited on 2/13/2026

Finding

591-1-1-.26(9) requires the playground to be kept clean, free from litter and free of hazards, such as but not limited to rocks, exposed tree roots and exposed sharp edges of concrete. It was determined based on observation that there was exposed concrete next to the sidewalk leading out to the playground. It was further determined that exposed concrete was present at the base of each leg of the blue climbing structure on the left side of the playground.

POI (Plan of Improvement)

The Center will remove any litter and fix or remove hazards from the playground and will routinely monitor the playground and remove litter and hazards.

Sleeping & Resting Equipment**591-1-1-.30 Safe Sleeping and Resting Requirements(CR)****Not Met****Finding**

591-1-1-.30(1)(a)3 requires that each crib shall have only an individual, tight-fitting sheet which is changed daily or more often as needed and prior to a change of occupant. It was determined based on observation that in classroom B - 0-12mos three of nine crib sheets were not tight-fitting as required on this date.

POI (Plan of Improvement)

The center will ensure that each crib has an individual, tight-fitting sheet which is changed daily or more often as needed and prior to a change of occupant.

.09(1)(l)3. - The previous citation was corrected. The Consultant observed Staff #11 Comprehensive Records Check Determination to expire on 12/10/2030.

591-1-1-.14 First Aid & CPR(CR)**Not Met****Finding**

Previously Cited: 591-1-1-.14(1)(a) requires all Staff who provide direct care to children must obtain certification in a biennial training program in pediatric cardiopulmonary resuscitation (CPR) and a triennial training program in pediatric first aid within the first 45 days of employment. Current and valid evidence of the successful completion of such training shall be maintained on the Center's premises. The hours obtained completing this certification will not count towards the required annual training hours. It was determined based on a review of records that the following Staff did not have evidence of certification in a biennial training program in pediatric cardiopulmonary resuscitation (CPR) and a triennial training program in pediatric first aid within the first 45 days of employment:

-Staff #2, hired February 12, 2025

-Staff #7, hired May 5, 2025

-Staff #13, hired June 16, 2025

591-1-1-.33 Staff Training**Not Met****Finding**

591-1-1-.33(3)(a)-(k) requires each Staff member with direct care responsibilities to complete health and safety orientation training within the first 90 days of employment. The state-approved training hours obtained will count toward required first year training hours. The training must address the following health and safety topics: a) prevention and control of infectious diseases (including immunizations); b) prevention of sudden infant death syndrome and use of safe sleeping practices; c) administration of medication, consistent with standards for parental consent; d) prevention of and response to emergencies due to food and allergic reactions; e) building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic; f) prevention of shaken baby syndrome, abusive head trauma and child maltreatment; g) emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event (such as violence at a child care facility); h) handling and storage of hazardous materials and the appropriate disposal of bio contaminants; i) precautions in transporting children; j) recognition and reporting of child abuse and neglect; and k) child development to include all major domains: cognitive; social and emotional; physical development and motor skills; communication, language, and literacy; and approaches to play and learning. It was determined based on a review of records that Staff #2, hired February 12, 2025, did not have health and safety orientation training certifications on file on this date.

POI (Plan of Improvement)

The Center will develop and implement a plan to schedule and track this training for all employees based on their hire dates and will ensure that the training includes all required components as required.
