- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance

If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. After viewing video footage, it was observed that a center staff did not remain in close proximity or prevent a child from pulling over a piece of play equipment when the staff had knowledge of a one-year-old child's potential to climb on equipment and the equipment's potential to tip over. Staff should provide watchful over sight to the child in the most immediate potential danger while providing appropriate proximity control during classroom supervision.
