Comments

The purpose of today's visit is a Licensing Study.

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Please ensure that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. The center recently had fence damage due to Hurricane Helene. The program had the missing section of fence blocked with caution tape and cones. Additionally, center staff are keeping children away from the missing fencing.

591-1-1-.15 Food Service & Nutrition**Not Met****Finding**

591-1-1-.15(4) requires that a feeding chair or similar equipment designed for feeding children shall be provided for the use of each child being fed who is capable of sitting up but who is unable to sit unassisted at a table and must be cleaned with a disinfectant after each use. Such chair or similar equipment shall have a broad base to prevent tipping, a surface that the child cannot raise, a strap or other device which prevents the child from sliding out of the chair, and a feeding surface free of cracks. It was determined based on observation that the feeding table in classroom B had four children seated in it eating lunch and were not strapped into the seat with the safety strap to prevent falling or sliding out as required.

POI (Plan of Improvement)

The Center will inspect feeding equipment to ensure it meets each of the listed criteria and to verify a feeding chair or equipment is provided for each child who requires one. The Center will train staff and monitor to ensure that the feeding equipment is cleaned with a disinfectant after each use.
