Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

Not Met

Finding Associated with Complaint

591-1-1-.07(2) requires that Parents be immediately notified and specific instructions obtained until the child can be picked up or returned to the group, immediately when professional medical attention is required, or when the child experiences symptoms of moderate discomfort, or when the child is involved in an incident that puts their health and/or safety at risk and to notify Parents by the end of the day when professional medical attention is not required, when the child experiences symptoms of less than moderate discomfort or when the child experiences an adverse reaction to prescribed medication which does not constitute moderate discomfort. It was determined based on an investigation that on April 9, 2026, center staff did not immediately notify the parent of a 2-year-old child that the child had sustained an injury when a staff member roughly and forcibly picked the child up by the wrists. The child cried and favored their arm immediately following the injury. The incident occurred at 3:44 p.m. and the parent was notified at 4:20 p.m. The child received professional medical attention and was diagnosed with Nursemaid's elbow.

It was determined based on an investigation that on April 9, 2026, at 3:44 p.m., center staff inappropriately disciplined a 2-year-old child after the child knocked on a classroom window during outdoor play. The center staff roughly and forcefully jerked the child by their right arm and lifted the child by their wrists.
