For additional information regarding any licensing topics discussed during this visit, please consult the Rules and Regulations Indicator Manual. This manual provides comprehensive clarification of each rule, including evaluation indicators, related best practices, and relevant considerations to support your program's continued and sustained compliance.

To access the Indicator Manual, please scan the QR code below or visit our website at <https://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>.

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Finding

290-2-3-.11(2)(c) requires that documentation of drills required by these rules shall be maintained in the Home. The Home shall conduct drills for fire, tornado, and other emergency situations. The fire drills will be conducted monthly and tornado and other emergency situation drills will be conducted every six months. The Home shall maintain documentation of the dates and times of these drills for two years. It was determined based on observation and discussion with provider that the log currently being used by the provider did not include tornado and other emergency drills required to be completed every six months, although the fire drills were documented.

POI (Plan of Improvement)

The Provider will develop and implement a plan and schedule for conducting the required drills, completing the documentation, keeping the documentation on file for two years. Consultant provided a copy of the state-approved log used for fire drills and other emergency drills.

290-2-3-.13 Playgrounds(CR)

Not Met

Finding

290-2-3-.13(2)(a) requires that outdoor play areas be kept clean and free of hazards such as exposed sharp corners of concrete or equipment, rust and splinters on equipment, broken glass, open drainage ditches, holes and stagnant water. It was determined based on observation that there was standing water in the bird bath located in the front play area. Additionally, toddler climbing equipment was located within one foot of a cement block wall which had sharp, rough edges, and which was used to retain a flower bed. The inadequate clearance posed a hazard for children using this equipment. It was also observed that vines growing on the back fence need to be trimmed so that they are not accessible to the children.

POI (Plan of Improvement)

The Home will repair any and all identified outdoor hazards and will monitor playground daily or more often as needed to ensure that the Home's outdoor play area is kept clean and free of hazards.
