Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that the following fencing hazards were observed:

- The right fence had three boards used to cover holes that were loose and were able to swing away from the holes they covered.
- The right fence had two boards that were detached at the top where the nails connected the board to the fence.
- The height of of the left fencing was 45 inches to 46 inches in various spots along the entire length instead of 48 inches as required.
- Zip ties that attached mesh along the left fence had the sharp point facing inward towards the playground.

POI (Plan of Improvement)

The Director will routinely check the fence to determine if it is in good repair, will repair any hazards, and will obtain materials to add to the top of the fence to extend it to remain at least 4 feet high. The Center will train Staff to identify and report any fence hazards.
