Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Incident Investigation Closure:

Staffing and Supervision

591-1-1-.32 Staff:Child Ratios and Group Size(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(4)(a) requires that during the early morning times of arrival and late afternoon times of departure, infants and children younger than three (3) years may be grouped with older children so long as Staff: child ratios and group size are met based on the age of the youngest child in the group. It was determined based on an investigation that on November 18, 2025, between 2:30 p.m. and 3 p.m., the center staff grouped multiple age groups together outside the approved time frame for late afternoon departure during outdoor play. As required by the Department, children under 3 years of age to be grouped with older children only during the last hour of the center's operation.

Correction Deadline: 1/7/2026

591-1-1-.32 Supervision(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on an investigation that on November 18, 2025, between 3 p.m. and 3:30 p.m., the center staff failed to provide watchful oversight when a 3-year-old child sustained a right arm injury during outdoor play. Center staff were seated along a fence for the duration of outdoor play and did not see when the child collided with an older child that attempted to catch a football. The child required professional medical attention and was diagnosed with a fracture above their right elbow. As required by the Department, center staff should be circulating and strategically positioned to maximize their ability to see and hear the children at all times.
