Plan of Improvement: To Be Submitted 08/25/2026

For additional information regarding any licensing topics discussed during this visit, please consult the Rules and Regulations Indicator Manual. This manual provides comprehensive clarification of each rule, including evaluation indicators, related best practices, and relevant considerations to support your program's continued and sustained compliance.

To access the Indicator Manual, please scan the QR code below or visit our website at <https://www.decal.ga.gov/CCS/RulesAndRegulations.aspx>.

For additional information regarding the full compliance inspection results of this program or any licensed program in the state, access the Child Care Services Compliance-at-a Glance website by scanning this QR code or visiting: <https://families.decal.ga.gov>.

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

#### Refutation Process:

You have the right to refute any of the citations noted in this report with which you disagree. To refute a citation(s), do the following:

- 1) Log into DECAL KOALA [www.decalkoala.com](http://www.decalkoala.com) with the userid for your program
- 2) On the home page scroll down to the Inspection Reports and select 'Refute Citation' for the visit report in dispute
- 3) Select the specific rule number(s) that you are refuting, add the reason for disagreement regarding the rule citation, and upload supporting documentation
- 4) Submit the refutation in DECAL KOALA to Child Care Services (CCS) within 10 business days of the completion date.

Your refutation will be forwarded to the appropriate CCS manager, who will follow up with you about your concerns. If you have any questions about this process, contact our office at 404-657-5562.

---

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

#### Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

**Contact the Quality Rated help desk at 855-800-7747 or [qualityrated@dec.al.ga.gov](mailto:qualityrated@dec.al.ga.gov) for more information. Free technical assistance is available!**

**Finding**

591-1-1-.08(1) requires the Center Staff to maintain a file for each child while such child is in care and for one year after that child is no longer enrolled. In order for the file to be complete, the file shall contain the following: child's name, birth date, sex, address, living arrangement, name of school if applicable; names of both Parents, home and work addresses, and home and work telephone numbers; name(s) and addresses of the person(s) to whom the child may be released including address, telephone numbers, relationship to child and to Parent(s), and other identifying information; name(s) and telephone number(s) of person(s) to contact in emergencies when the Parent cannot be reached; name and telephone number of the child's primary source of health care; and a statement regarding known allergies, physical problems, mental health disorders, intellectual disabilities or developmental disabilities which limit the child's participation in the program. It was determined based on review of records child # 3 and #5 did not include the name and telephone number of the child's primary source of health care and child # 3 lacked the name(s) and telephone number(s) of person(s) to contact in emergencies when the Parent cannot be reached and the name(s) and addresses of the person(s) to whom the child may be released including address, telephone numbers, relationship to child and to Parent(s) .

.25(15) - Previous citation observed to be corrected on this date. The door to the outside storage was locked.

**Finding**

591-1-1-.25(7) requires that doors to rooms not approved for child care, other than the kitchen doors, be latched or locked so children cannot wander into those areas. Except in School-age Centers, interior Center door locks shall permit Personnel to open the locked room from outside of the room in an emergency. It was determined based on observation, the door to the laundry was not locked or latched and there was mop bucket with water and a vacuum cleaner.

Correction Deadline: 8/11/2026

**Finding**

591-1-1-.25(8) requires protective caps on all unused electrical outlets within children's reach and requires that electrical outlets in use be made inaccessible to children. It was determined based on observation that the following electrical hazards were accessible to children on this date:

Classroom F/1R

-There were three unused electrical outlets without protective caps located at the front left D/3R classroom. In addition, there were two electrical cords hanging from the computer on the back left side of the classroom.

## Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that the following fencing hazards were accessible to children on this date:

### Main Playground (Up and Lower)

- There was a 4 inch bottom gap on the blue wooden fence/wall located at the back left of the playground causing a potential entrapment hazard on this date.
- There was a plank loose on the back and right side with a nail exposed at the bottom on the blue wooden fence.
- There were approximately nine protruding nails in the blue wooden fence located at the front left, front middle, and front back of the playground.
- There was a protruding screw on the blue wooden fence located at the bottom left middle of the playground.
- In addition, the fence gate was not secure on the front right side and there was a gap over 7 inches on the top right side of the building and the fence gate.

**Correction Deadline: 8/11/2026**

**Recited on 8/11/2026**

## Finding

591-1-1-.26(6) requires that playground equipment provide an opportunity for the children to engage in a variety of experiences and shall be age-appropriate. For example, toddlers shall not be permitted to swing in swings designed for School-age Children. The outdoor equipment shall be free of lead-based paint, sharp corners and shall be regularly maintained in such a way as to be free of rust and splinters that could pose significant safety hazard to the children. All equipment shall be arranged so as not to obstruct supervision of children. It was determined based on observation that there was chipping paint on the blue metal arch climber.

**Finding**

591-1-1-.36(4)(a) requires an annual safety check for each vehicle. The annual safety check, completed by a trained individual, should include a check of the: tires, headlights, horn, taillights, turn signals, brake lights, brakes, suspension, exhaust system, steering, windows, windshields and windshield wipers. A copy of the annual safety check will be kept in the Center or on the vehicle and should include evidence of any repairs and/or replacements that were identified as needed on the inspection report. It was determined based on observation the center did not have a current vehicle inspection for van # TCH0408 that was use to pick up four children from school on this date.

**Correction Deadline: 8/16/2026**

**Finding**

591-1-1-.36(4)(b) requires that the interior of a transportation vehicle be clean, in safe repair and free of hazardous items, objects and/or other nonessential items which could cause injury. It was determined based on observation the left side of the double door would not open on the van and the top of the second passenger seat in the second row was split, with yellow foam exposed.

**Correction Deadline: 8/12/2026**

**Finding**

591-1-1-.36(4)(f)1. requires that all transported children be secured in a child passenger restraining system or seat safety belt in accordance with current state and federal laws and regulations and according to manufacturer's directions. It was determined based on observation the vehicle used for transportation on this date did not have child passenger restraint seats available as required for one child and all of the safety belts were not in good condition.

**Correction Deadline: 2/27/2026**

**Corrected on 8/11/2026**

**.14(1)(a) - Previous citation corrected in that the Consultant observe CPR and First aid for all staff.**

**Finding**

591-1-1-.14(3) requires the Center to have a first aid kit in each building of the Center and in any vehicle used by the Center for transportation of children, that contains scissors, tweezers, gauze pads, adhesive tape, thermometer, band-aids, assorted sizes, antibacterial ointment, insect-sting preparation, an antiseptic cleansing solution, triangular bandages, rubber gloves, protective eye wear, a protective face mask, and a cold pack. The first aid kit, together with a first aid instruction manual which must be kept with the kit at all times, shall be stored so that it is not accessible to children but is easily accessible to Staff. It was determined based on observation that the Center's first aid kit was missing a cold pack, a triangular bandage, anti-bacterial ointment and a face mask. In addition, the vehicle used to transport children on this date was not equipped with a first aid kit.

**Finding**

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on observation that the staff person in classroom A/1L was not seated within an arm's length away from children thirty-six (36) months of age and younger during lunch on this date. In addition, the staff person stepped outside of the classroom for a brief period during nap time.
