Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

Finding Associated with Complaint

591-1-1-.15(2) requires that a signed written feeding plan for children less than one (1) year of age shall be obtained from Parent(s) and that instructions from the Parent(s) shall be updated regularly as new foods are added or other dietary changes are made. The feeding plan shall be posted in the child's assigned room and must include the child's feeding schedule, the amount of formula or breast milk to be given, instructions for the introduction of solid foods, the amount of food to be given and notation of any type(s) of commercially premixed formula which may not be used in an emergency because of food allergies. It was determined based on review of records that the center did not obtain a feeding plan for an enrolled infant and another infant's feeding plan was dated January 4, 2022.

POI (Plan of Improvement)

The Center Director will develop and implement a plan to obtain and post the completed feeding plan as part of the enrollment process and to have parents update the plans on a regular basis that will include center staff involved with enrollment and those working in the infant classrooms.

Correction Deadline: 9/14/2022

Finding Associated with Complaint

591-1-1-.15(2)(c) requires age-appropriate solid foods (including cereal) not be given to infants or children less than one (1) year of age until recommended as developmentally appropriate by the child's primary care physician and indicated in writing by the Parent(s) and requires a child to be fed from individual spoons and individual containers or dishes as soon as the feeding plan indicates that a child is ready for solid foods. A child shall not be fed directly from the original baby food container if the contents are to be fed to the child at more than one (1) meal or to more than one (1) child. It was determined based on investigative findings that on September 8, 2022, a ten-month-old and other infants were served hard tortilla chips for lunch.

POI (Plan of Improvement)

The Center will ensure that age-appropriate solid foods are given only as recommended by the child's physician and upon written instruction by the Parent(s). The Center will provide a sufficient number of spoons and dishes/containers and will train staff on proper feeding practices, review the procedures regularly and monitor to ensure procedures are followed.

Correction Deadline: 9/14/2022

591-1-1-.15(2)(f) requires that food for infants or children less than one (1) year of age be cut into pieces one-quarter inch or smaller and food for toddlers shall be cut into pieces one-half inch or smaller to prevent choking. It was determined based on observation that one-year-old children were served fruit chunks that were larger than one half inch for lunch on September 14, 2022.

POI (Plan of Improvement)
