Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

The following information is associated with a Incident Investigation by Phone:

Activities and Equipment

591-1-1-.03 Activities

Not Met

Finding

591-1-1-.03(9) requires center staff to refrain from engaging in, or allowing children or other adults to engage in, activities that could be detrimental to a child's health or well-being, such as but not limited to, horse play, rough play, wrestling, and picking up a child in a manner that could cause injury. It was determined based on investigative findings that the allegation that on May 20, 2026 center staff picked up a 2-year-old child by their arm and the child sustained a left arm injury was substantiated. staff statements, interviews and a review of video footage revealed that at 5:12:45 Staff member A is observed to call child A to the restroom for a diaper change. Child A is observed to continue to play in the book area. Teacher A was observed to grab child by the left arm to escort her to the restroom. Child A was observed to cry and grab her arm.

POI (Plan of Improvement)

The Center will review requirements with Staff to ensure that appropriate activities are conducted with children.

Correction Deadline: 6/24/2026

Policies and Procedures

591-1-1-.29 Required Reporting

Not Met

Finding

591-1-1-.29(3) requires the Director or designated person-in-charge to report or cause to be reported to the Department within twenty-four (24) hours or the next work day: any death of a child while in the care of the Center; any serious illness or injury requiring hospitalization or professional medical attention other than first aid of a child while in the care of the Center; any situation when a child in care becomes missing, such as, but not limited to, a child who is left on a vehicle, a child who leaves the building, playground, or property, or a child who is left behind on any trip; any fire; any structural disaster; any emergency situation that requires temporarily relocating children; and any time the program's operating status changes (i.e., open to closed or temporarily closed and temporarily closed to open). It was determined based on investigative findings that the allegation that on May 20, 2026, a 2-year-old child sustained a left arm injury and received professional medical attention and the Center failed to notify the incident to the Department within 24 hours was substantiated. Staff statements and interviews revealed that a new member of management reported the incident to the corporate office within 24 hours. Staff statements and interviews further revealed that management misunderstood that the report to the corporate office did not get sent to the Department.

POI (Plan of Improvement)

The Center will develop a procedure so everyone knows how and when to report these incidents to the Department and will follow-up to make sure they are reported as required.

Correction Deadline: 6/24/2026
