- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. The following information is associated with a Complaint Investigation by Phone:

Activities and Equipment

591-1-1-.03 Activities **Not Met**

Finding
591-1-1-.03(9) requires center staff to refrain from engaging in, or allowing children or other adults to engage in, activities that could be detrimental to a child's health or well-being, such as but not limited to, horse play, rough play, wrestling, and picking up a child in a manner that could cause injury. It was determined based on staff interviews and statements that two staff members engaged in a loud verbal altercation, that could be heard by another staff member who was walking past the classroom. This verbal altercation took place in front of the children.

POI (Plan of Improvement)
The Center will review requirements with Staff to ensure that appropriate activities are conducted with children.

Correction Deadline: 8/17/2021

591-1-1-.26 Playgrounds(CR) **Not Met**

Finding
591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on staff interviews that three children went through the gate, unsupervised that was not closing correctly, and the staff member had to go and get the children and bring them back to the porch area.

POI (Plan of Improvement)
The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.
