Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

The following information is associated with a Complaint Investigation Follow Up:

Activities and Equipment

591-1-1-.12 Equipment & Toys(CR)

Not Met

Finding

591-1-1-.12(6) requires that a variety of age-appropriate toys and play materials be available, stored on low, open shelves accessible to children in each room or assigned area. It was determined based on observation there was not a variety of age-appropriate toys and play materials available and stored on low shelves in the second left, fourth left, back left, second right, front middle, back middle and front right classrooms as required.

POI (Plan of Improvement)

The Center director will ensure there is a variety of age-appropriate toys and play materials in each room for each age group. that are stored on low, open shelves accessible to children.

Correction Deadline: 9/29/2023

Facility

591-1-1-.26 Playgrounds(CR)

Not Met

Finding

591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation the following fence hazards were present which posed as an entrapment hazard:

Front Left - Gate/fence leading to the parking lot had 4 inch gaps between each bar

Front Right - Gate/fence leading to the parking lot had 4 inch gaps along the front between each bar and a 41/4 inch gap underneath the fence on the left side of the playground

Rear Right - Gate which separated the rear right and rear left playgrounds had a 4 inch gap underneath the gate and a 4 inch gap was on the side of the gate outside of the rear right playground which lead to the playground area

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

Correction Deadline: 9/20/2023

Recited on 8/30/2023

Finding

591-1-1-.26(9) requires the playground to be kept clean, free from litter and free of hazards, such as but not limited to rocks, exposed tree roots and exposed sharp edges of concrete. It was determined based on observation split wooden boarders were surrounding the bottom of the fencing on the front left, rear left, front right and rear right playgrounds which were hazards to children in care. The mat at the bottom of the red slide on the rear left playground was not level to the ground as required which created a tripping hazard. Additionally, there was a large black and yellow spider outside of the door which lead to the left rear playground. Tree branches were also protruding through the tan, burgundy, and green climbing structure on the rear left playground.

POI (Plan of Improvement)

The Center will remove any litter and fix or remove hazards from the playground and will routinely monitor the playground and remove litter and hazards.

Correction Deadline: 9/20/2023

Recited on 8/30/2023
