Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

591-1-1-.36 Transportation(CR)	Not Met

Finding Associated with Complaint

591-1-1-.36(7)(b) requires that an emergency medical information record be maintained in the vehicle for each child being transported. The emergency medical information record for each child shall include a listing of the child's full name, date of birth, allergies, special medical needs and conditions, current prescribed medications that the child is required to take on a daily basis for a chronic condition, the name and telephone number of the child's doctor, the local medical facility that the Center uses in the area where the Center is located and the telephone numbers where the Parents can be reached. It was determined based on investigative findings that 1 of 6 children's emergency medical forms did not indicate whether the child had an allergy and 3 of 6 children's emergency medical forms did not include both parents telephone numbers.

POI (Plan of Improvement)

The Center will obtain a complete emergency medical information record for each child that is transported and maintain a copy on the vehicle.

The bus driver hit the driver side mirror of another vehicle with the tail of the bus. Six school-age children were present on the bus and no one was injured. No medical attention was required.
