## Comments

Staff files, training, cpr, children records, emergency drills and first aid kit were available for the consultant to review.

An exit conference discussing the licensing study report was conducted with the provider on this date. An email with the licensing study report was sent to the provider for signature on this date.

Discussed updating the Home's policies and procedures to include the program's practices regarding the expulsion and suspension of children enrolled for care within the description of behavior management and discipline actions used by the Home.

Also discussed to ensure a description of the practices followed by the Home to prevent shaken baby syndrome and abusive head trauma in children up to five years of age that includes the following information: how to recognize, respond to, and report the signs and symptoms of shaken baby syndrome and abusive head trauma; strategies to assist staff members in understanding how to care for infants and how to cope with a crying, fussing, or distraught child; strategies to ensure staff members understand the brain development of children up to five years of age; and a list of prohibited behaviors when dealing with children.

Additional information can be found in the FCCLH Indicator Manual found on DECAL's website at:

<https://www.dec.ga.gov/CCS/RulesAndRegulations.aspx> or through the Center on Shaken Baby Syndrome found at: <https://dontshake.org/>.

- The CCS Consultant discussed and left a copy of the updated Child Care Weather Watch Chart with the program today. Weather does not permit outdoor play when there is active precipitation or when weather advisories are in effect. Consult the Child Care Weather Watch Chart resource for further guidance, considering specific weather conditions. ----

Plan of Improvement: Developed This Date

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

**Correction Deadline: 8/13/2025**

**290-2-3-.19 Infant-Sleeping Safety Requirements(CR)**

**Not Met**

**Finding**

290-2-3-.19(1)(a) requires that the Home shall provide either a safety approved crib or other equipment that is approved for infant sleep for each infant (any child under the age of twelve (12) months or any child who is under eighteen (18) months of age who is not walking), who cannot climb out of the crib or other approved equipment. Each crib shall be safety approved in compliance with Consumer Product Safety Commission (CPSC) and American Society of Testing and Materials International (ASTM) safety standards; any other equipment, such as, but not limited to, a portable crib, playpen, play yard or bassinet, shall be in compliance with current ASTM Standard Consumer Safety Specifications for Non-Full-Size Baby Cribs/Play Yards. It was determined based on observation that staff laid a seven-month-old infant down to sleep on a cot and not a safety approved crib or other equipment that is approved for infant sleep.

**POI (Plan of Improvement)**

The Home Provider will remove any noncompliant cribs and provide a safety approved crib or other equipment that is approved and in compliance with the CPSC and ASTM standards for infant sleep for each infant in care.

**Correction Deadline: 8/13/2025**

**Finding**

290-2-3-.19(2)(c) requires that infants shall only sleep in a safety approved crib or other equipment approved for infant sleep as described in 290-2-3-.19(1)(a) and shall not sleep in any other equipment, such as, but not limited to, a car safety seat, bouncy seat, highchair, or swing. Infants who arrive at the facility asleep or fall asleep in such equipment or on the floor shall be transferred to a safety approved crib or other equipment approved for infant sleep. It was determined based on observation that when consultant arrived a seven-month-old infant was observed to be asleep in a swing. The sleeping infant was observed to remain in the swing for eight minutes before being removed to lay on a cot.

**POI (Plan of Improvement)**

The Home Provider will move infants who fall asleep in equipment other than a safety-approved crib such as a car safety seat, highchair or swing, or on the floor, to a safety-approved crib.
