Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

Finding Associated with Complaint

591-1-1-.15(9) requires that a written statement be on file from a medical authority when a child requires a modified diet for medical reasons and from the child's Parent(s) when a child requires a modified diet for religious reasons. All caregiver Personnel shall be informed of the diet restriction for the child and only food that complies with the prescribed dietary regimen but still meets the food and nutrition requirements shall be served to the child. It was determined based on an investigation that on January 21, 2026, a modified diet was not followed when a 4-year-old child was served food which contained a known allergen. For lunch, the child was served mayonnaise that contained eggs. After approximately 15 to 20 minutes, the Staff Person noticed irritation around the child's mouth. Management immediately initiated the child's allergy action plan and the parent was notified. Upon the parent's arrival, they administered an Epi-Pen and 911 emergency services were notified. The child was transported to the hospital via ambulance and kept for observation before being released.
