Plan of Improvement: Developed This Date 09/05/2024

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Finding

591-1-1.08(1) requires the Center Staff to maintain a file for each child while such child is in care and for one year after that child is no longer enrolled. In order for the file to be complete, the file shall contain the following: child's name, birth date, sex, address, living arrangement, name of school if applicable; names of both Parents, home and work addresses, and home and work telephone numbers; name(s) and addresses of the person(s) to whom the child may be released including address, telephone numbers, relationship to child and to Parent(s), and other identifying information; name(s) and telephone number(s) of person(s) to contact in emergencies when the Parent cannot be reached; name and telephone number of the child's primary source of health care; and a statement regarding known allergies, physical problems, mental health disorders, intellectual disabilities or developmental disabilities which limit the child's participation in the program. It was determined based on review of children's records, 1 out of 5 children records did not include the work information and allergy information for the child.

POI (Plan of Improvement)

Center staff will develop a plan that includes how to obtain all required information for currently enrolled children and how to ensure this is done for future enrollees as well. The plan will also include how and where to maintain files for the required amount of time. The plan will be implemented and followed.

Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on observation, there was a lack of supervision when a staff person stepped out of the classroom to gather milk for the children in classroom A.
