The following information is associated with a EX-CAPS-Monitoring FollowUp:

	Facility
EX-HS-.L Physical Plant(CS)	Not Met

Finding

EX-HS-.L(2) requires the Program to be in compliance with applicable laws and regulations issued by the state fire marshal, the proper local fire marshal or state inspector, including a certificate of occupancy if required prior to receiving any children for care. It was determined based on a review of records, the program did not have a copy of a fire marshal inspection report on file dated within the last year.

POI (Plan of Improvement)

The Program will contact the appropriate fire authority to inquire about the procedures for an annual inspection. Based on what is communicated, a fire inspection will be completed with a copy of the report kept on file for review, or documentation will be obtained from the fire authority on their letterhead stating that a fire inspection is not conducted annually. The documentation will be maintained on file. The program will maintain inspection reports annually.
