For additional information regarding any licensing topics discussed during this visit, please consult the Rules and Regulations Indicator Manual. This manual provides comprehensive clarification of each rule, including evaluation indicators, related best practices, and relevant considerations to support your program's continued and sustained compliance.

To access the Indicator Manual, please scan the QR code below or visit our website at <https://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>.

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.al.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

It was determined based on observation that the following hazards are present on the outdoor play area:

1. The radio antennae has metal parts exposed at ground level that pose a hazard to children in that protruding bolts.
2. Numerous spiked burrs from a sweet gum tree in the back yard were observed in the play areas.
3. The seat of the saucer swing is torn and ripped away from the circular bar and is not safe for use.
4. Three boards were observed leaning against the outdoor shed.
5. The wooden platform surrounding the shed on the playground was rotten and had holes in the wood.
6. The right hand side of the home is included in the fenced-in area and creates a blind spot passed the corner of the house.
7. The outdoor storage shed on the playground was not locked to prevent children's access to it and contained gas cookers and yard equipment. A padlock was placed on the handle, but was not latched.
8. The gate to the metal fence surrounding the heating and air conditioning equipment was not locked to prevent children's access to it. A padlock was placed in the gate, but was not latched.

POI (Plan of Improvement)

The Home will repair any and all identified outdoor hazards and will monitor playground daily or more often as needed to ensure that the Home's outdoor play area is kept clean and free of hazards as discussed as follows:

1. Please cover the bottom area of the radio antennae to prevent children access to it.
2. Please ensure that the sweet gum burrs are removed from areas used for play.
3. Please remove or repair the saucer part of the swing.
4. Please remove the boards from the outdoor play area.
5. Please repair the wooden platform around the outdoor storage shed.
6. Please place cones or other barriers at the blind spot of the yard.
7. Please ensure that the padlock on the outdoor shed is kept locked.
8. Please ensure that the padlock preventing access to the heating and air conditioning unit is kept latched.
