Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Activities and Equipment

591-1-1-.03 Activities

Not Met

Finding Associated with Complaint

591-1-1-.03(9) requires center staff to refrain from engaging in, or allowing children or other adults to engage in, activities that could be detrimental to a child's health or well-being, such as but not limited to, horse play, rough play, wrestling, and picking up a child in a manner that could cause injury. It was determined based on staff interviews and statements that the allegation of on December 21, 2022, a staff member pulled a three-year-old child's arm to keep the child from running into an unknown area of the facility resulting in a Nursemaid's Elbow injury is substantiated. Staff statements and interviews revealed that on December 21, 2022, staff in the three-year-old classroom attempted to stop a three-year-old child in care from running around the three-year-old classroom by grabbing their arm. Staff statements further revealed that upon grabbing the three-year-old child's arm, the child began to cry and after staff attempted to remove the child's jacket, they began to cry more intensely. Administrative staff applied ice to the effected arm because of the child favoring it until the child was picked up by the parent. Due to the preponderance of evidence from staff statements and interviews, this allegation is substantiated.

POI (Plan of Improvement)

The Center will review requirements with Staff to ensure that appropriate activities are conducted with children.
