Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

**591-1-1-.15 Food Service & Nutrition**

#### **Finding Associated with Complaint**

591-1-1-.15(2) requires that a signed written feeding plan for children less than one (1) year of age shall be obtained from Parent(s) and that instructions from the Parent(s) shall be updated regularly as new foods are added or other dietary changes are made. The feeding plan shall be posted in the child's assigned room and must include the child's feeding schedule, the amount of formula or breast milk to be given, instructions for the introduction of solid foods, the amount of food to be given and notation of any type(s) of commercially premixed formula which may not be used in an emergency because of food allergies. It was determined based on investigation findings, staff statements, staff interviews, and the center's feeding policy. The allegation of on May 30, 2023, a nine-month-old infant's feeding plan was not followed by staff, when the infant was not fed solids at 8:30 a.m. and a bottle at 3:00 p.m. as instructed is substantiated. Staff statement revealed that the child did not get fed solids at 8:30 a.m. and at 3:00 p.m. the child did not get fed their bottle either. Staff statement further revealed that video footage showed that the child did not get feed at all at 8:30 a.m. or 3:00 p.m. Based on the investigation finding the consultant found the investigation findings to be substantiated.

#### **POI (Plan of Improvement)**

The Center Director will develop and implement a plan to obtain and post the completed feeding plan as part of the enrollment process and to have parents update the plans on a regular basis that will include center staff involved with enrollment and those working in the infant classrooms.
