Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

591-1-1-.11(1) requires that disciplinary actions used to correct a child's behavior, guidance techniques and any activities in which the children participate or observe at the Center shall not be detrimental to the physical or mental health of any child. It was determined based on information gathered during the complaint investigation that staff members used popsicles as a treat for the children who used their listening ears. Investigative findings revealed that some of the children in the classroom, aged three and four years old, were not given popsicles, but as a form of discipline were made to sit on the side and watch while the other children and staff ate their popsicles.

Finding Associated with Complaint

591-1-1-.11(1) requires that disciplinary actions used to correct a child's behavior, guidance techniques and any activities in which the children participate or observe at the Center shall not be detrimental to the physical or mental health of any child. It was determined that on April 6, 2023, a three-year-old would not go to sleep at naptime and was disrupting the sleep of the other children. Investigative findings revealed that a staff member removed the three-year-old child's cot from the classroom area and placed the three-year-old child's cot into the bathroom away from the other children as a form of discipline, to prevent the three-year-old child from waking the other children up.
