Plan of Improvement: Developed This Date 06/08/2023

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Refutation Process:

You have the right to refute any of the citations noted in this report with which you disagree. To refute a citation(s), do the following:

- 1) Log into DECAL KOALA www.decalkoala.com with the user id for your program
- 2) On the home page scroll down to the Inspection Reports and select 'Refute Citation' for the visit report in dispute
- 3) Select the specific rule number(s) that you are refuting, add the reason for disagreement regarding the rule citation, and upload supporting documentation
- 4) Submit the refutation in DECAL KOALA to Child Care Services (CCS) within 10 business days of the completion date.

Your refutation will be forwarded to the appropriate CCS manager, who will follow up with you about your concerns. If you have any questions about this process, contact our office at 404-657-5562.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

Contact the Quality Rated help desk at 855-800-7747 or qualityrated@dec.al.ga.gov for more information. Free technical assistance is available!

Finding

591-1-1-.30(2) requires the Center to provide a safe sleep environment in accordance with American Academy of Pediatrics (AAP), Consumer Product Safety Commission (CPSC) and American Society for Testing and Materials (ASTM) recommendations as listed in these rules for all infants. Center Staff shall place an infant to sleep on the infant's back in a crib unless the Center has been provided a physician's written statement authorizing another sleep position for that particular infant that includes how the infant shall be placed to sleep and a time frame that the instructions are to be followed. When an infant can easily turn over from back to front and back again, Staff shall continue to put the infant to sleep initially on the infant's back but allow the infant to roll over into his or her preferred position and not re-position the infant. Sleepers, sleep sacks and wearable blankets that fit according to the commercial manufacturer's guidelines and will not slide up around the infant's face may be used when necessary for the comfort of the sleeping infant. Swaddling shall not be used unless the Center has been provided a physician's written statement authorizing its use for a particular infant that includes instructions and a time frame for swaddling the infant. Center Staff shall not place objects or allow objects to be placed in or on the crib with an infant such as but not limited to toys, pillows, quilts, comforters, bumper pads, sheepskins, stuffed toys, or other soft items and shall not attach objects or allow objects to be attached to a crib with a sleeping infant, such as, but not limited to, crib gyms, toys, mirrors and mobiles. It was determined based on observation that one infant was asleep in a crib wrapped in a blanket that was not approved for sleeping on this date.

POI (Plan of Improvement)

The Center will take all steps necessary to provide a safe sleep environment for infants as listed in these rules; will train Staff to follow these rules; and will monitor for compliance.

Correction Deadline: 6/8/2023

Staff Records

591-1-1-.09 Criminal Records and Comprehensive Background Checks(CR)

Met

Comment

The director provided six files for staff members hired since the previous visit conducted on August 22, 2022. The consultant observed six of six newly hired staff members to have evidence of a satisfactory criminal record check letter on file.

Finding

591-1-1-.14(1) requires the Center Director and, at any given time, at least fifty percent (50%) of the caregiver Staff to successfully complete a biennial training program in cardiopulmonary resuscitation (CPR) and a triennial training program in first aid. The first aid training must be done by certified or licensed health care professionals or trainers and must deal with the provision of emergency care to infants and children. The Center shall maintain current evidence of the successful completion of such training which shall be available to the Department for inspection. It was determined based on review of records that staff member #14 with a documented date of hire on February 21, 2023 and staff member #21 with a documented January 17, 2023, did not obtain first aid and CPR training within the first 90-days of their date of hire.

POI (Plan of Improvement)

The Center Director and at least 50% of the caregiver Staff will complete the needed training. The Director will send written verification to the consultant upon completion and will develop a plan to ensure that at least 50% of the caregiver Staff have completed this training at any given time and that evidence of successful completion of the training is on file available for inspection.

Correction Deadline: 7/8/2023

591-1-1-.33 Staff Training**Not Met****Finding**

591-1-1-.33(3) requires each Staff member with direct care responsibilities to complete health and safety orientation training within the first 90 days of employment. The state-approved training hours obtained will count toward required first year training hours. The training must address the following health and safety topics: prevention and control of infectious diseases (including immunizations); prevention of sudden infant death syndrome and use of safe sleeping practices; administration of medication, consistent with standards for parental consent; prevention of and response to emergencies due to food and allergic reactions; building and physical premises safety, including identification of and protection from hazards that can cause bodily injury such as electrical hazards, bodies of water, and vehicular traffic; prevention of shaken baby syndrome, abusive head trauma and child maltreatment; emergency preparedness and response planning for emergencies resulting from a natural disaster or a human-caused event (such as violence at a child care facility); handling and storage of hazardous materials and the appropriate disposal of bio contaminants; precautions in transporting children; recognition and reporting of child abuse and neglect; and child development. It was determined based on review of records that the following staff members did not complete health and safety orientation training within their first 90 days of employment:

Staff member #14 with a documented date of hire of February 21, 2023.

Staff member #21 with a documented date of hire of January 17, 2023.

POI (Plan of Improvement)

The Center will develop and implement a plan to schedule and track this training for all employees based on their hire dates and will ensure that the training includes all required components as required.

Correction Deadline: 7/8/2023

591-1-1-.31 Staff(CR)**Met****Comment**
