Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

Staffing and Supervision

591-1-1-.32 Supervision(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger.

It was determined that on May 4, 2022, children were not adequately supervised when a four-year-old child fell and cut their lip and damaged two front teeth. As the staff person was assisting a child at a table, the four-year-old child was swinging between two tables, with one hand on each table, behind the staff person. As the staff person was assisting a child at a table, the four-year-old child was swinging between two tables, with one hand on each table, behind the staff person. The staff person walked to the cubbies to retrieve an item. As the staff person walked back to the tables, the child fell on their bottom. While the staff person's back was turned, the child swung again and fell on their bottom. The staff person then walked to the back of the classroom. The child continued to swing between the tables. As the staff person walked back to the tables, the child swung and fell forward, hitting their mouth on the floor. The staff person immediately picked the child up and called for assistance. First aid was rendered, and the child's parent was notified. The child received professional medical treatment and the two front, upper teeth were removed.
