Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.state.ga.us/CCS/Regulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. 591-1-1-.26(4) requires that playgrounds be protected from traffic or other hazards by a (4) four foot high fence or other barrier approved by this Department. Fencing material shall not present a hazard to children and shall be maintained so as to prevent children from leaving the playground area by any means other than through an approved access route. Fence gates shall be kept closed except when persons are entering or exiting the area. It was determined based on observation that the back right wooden fence was falling from the posts.

POI (Plan of Improvement)

The Center will routinely check the fence to determine if it is in good repair and remains at least 4 feet high, and will repair any hazards. The Center will train Staff to identify and report any fence hazards and to keep the fence gates closed when not in use.

The driver or other designated staff person shall document in writing with a different mark/symbol to account for each child listed on the passenger transportation checklist who was not present on the vehicle for any reason. An explanation shall be documented in writing whenever a child is transported to a field trip site but is not present on the return trip to the Center. It was determined based on a review of records that two children on the PM route from Meadowbrook Elementary were not documented as present or absent on August 16-20, 2021.

POI (Plan of Improvement)

The driver/other designated person will immediately document in writing with a check/mark/symbol each time a child gets on and off the vehicle.

Correction Deadline: 9/10/2021

Technical Assistance

591-1-1-.36(7)(d)3 - The Consultant and Director discussed that when Center A is contracted through Center B to perform transportation duties Center B is responsible for Center A's documentation. When Center A drops off children from Center B to Center B staff should receive the transportation checklist along with the children being dropped off. After Center A returns to Center A and performs their physical second check they should then call Center B and inform Center B that no children were left on the vehicle. Center B staff will document this under "signature of staff who reported by phone that vehicle checked" since a physical second check could not be performed by Center B.
