If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. ### 591-1-1-.11 Discipline(CR)

**Not Met** 

### **Finding**

591-1-1-.11(2) requires that Personnel not: physically or sexually abuse a child or engage or permit others to engage in sexually overt conduct in the presence of any child enrolled in the Center; inflict corporal/physical punishment upon a child; shake, jerk, pinch or handle a child roughly; verbally abuse or humiliate a child which includes, but is not limited to, the use of threats, profanity or belittling remarks about a child or his family; isolate a child in a dark room, closet or unsupervised area; use mechanical or physical restraints or devices to discipline children; use medication to discipline or control children's behavior without written medical authorization issued by a licensed professional and given with the parent's written consent; restrict unreasonably a child from going to the bathroom; punish toileting accidents; force-feed a child or withhold feeding a child regularly scheduled meals and/or snacks; force or withhold naps; allow children to discipline or humiliate other children; or confine a child for disciplinary purposes to a swing, highchair, infant carrier, walker or jump seat. It was determined based on an investigation that on March 30, 2022, a child was forced to take a milk carton from the trash can and drink it. The child's parent stated that her child came home and told her that the teacher asked the class to grab a milk, so he took one. The parent stated that the child told her that he took the milk but decided that he did not want to drink it. The parent further stated that the child told her that the teacher asked him to take the milk carton from the trashcan and drink it. Parent #2 was interviewed, and she stated that she has more that one child that attends the center and they all told her that the teacher asked the child to remove the milk carton from the trash and drink it. The parent further stated that the children told her that the other students watched the incident take place and they laughed. Child #1 was interviewed and stated that the teacher told the child that he would be suspended if he did not drink the milk. The child further stated that he did not see the child take the milk from the trash can on this day, but he did witness the same teacher tell another child to take a milk from the trash can and drink it, another day in the past. Child #2 was interviewed and stated that the child tasted the milk and stated that it tasted as if it was spoiled. The child further stated that the child threw the milk in the trash can but dug it back out.

#### POI (Plan of Improvement)

The Center will take immediate action to ensure the action/conduct has ceased; train/review appropriate child guidance techniques with center staff; and have a system in place to monitor and identify inappropriate actions.
