This report shall serve as official notice of potential rule violations. These potential rule violations have been detailed in this report and discussed with you by the consultant. The department shall conduct a thorough investigation to determine if in fact the alleged rule violation(s) should or should not be substantiated. During this investigation period, any violations of an identical rule or rules will require the department to treat any and all substantiated rule violations identified in the investigation as repeated rule violation(s).

Further, from time to time the department discovers additional rule violations during the course of an investigation. If there are new rule violation(s), your consultant shall inform you of the violation(s) as soon as possible. However, as stated above, any violations of identical rule(s) will require the department to treat any and all additional rule violations identified in the investigation as repeated rule violations.

All rule violations found in relation to a complaint or incident investigation will be associated with the date the investigation was closed.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

I have read and understand the Rules and Regulations for Child Care Learning Centers, 591-1-1. I acknowledge that the items noted in this report have been discussed with me and I have agreed to a Plan of Improvement (POI) as indicated in this report. I understand that correction of these deficiencies, while required, will not necessarily prevent DECAL from taking adverse action against this facility. I understand that if I disagree with any of the deficiencies cited, I have the right to refute them on this report or any other form that I choose to send to Child Care Services.

The following information is associated with a Complaint Closure:

Sleeping & Resting Equipment

591-1-1-.30 Safe Sleeping and Resting Requirements(CR)

Not Met

Finding Associated with Complaint

591-1-1-.30(1)(d) requires that all sleeping and resting equipment shall be arranged to avoid obstructing access to exit doors, to provide the caregivers access to each child, and to prevent children's access to cords hanging from window treatments and other hazardous objects. To reduce the transfer of airborne diseases, sleeping and resting equipment shall be arranged as follows. There shall be a minimum of twenty-four inch (24") corridor between each row of sleeping or resting equipment. There shall be a minimum of twelve inches (12") between each piece of sleeping or resting equipment in each row of equipment. Children shall be placed on cots and mats so that one child's head is toward another child's feet in the same row. It was determined based on a complaint investigation that 15 cribs in the infant classroom (Room A 1L) were not arranged in a way to prevent the transfer of airborne disease as they were observed to have been placed three to four inches between them where 12 inches are required.

POI (Plan of Improvement)

The Center will arrange and place sleeping and resting equipment according to the requirements in the rule; will train Staff; and will monitor for continued compliance.

Correction Deadline: 5/6/2022

Staffing and Supervision

591-1-1-.32 Staff:Child Ratios and Group Size(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(1) requires the Center to maintain the required Staff:child ratios as follows: under 1 year or under 18 months if not walking = 1:6; 1 year and walking = 1:8; 2 years = 1:10; 3 years = 1:15; 4 years = 1:18; 5 years = 1:20; and 6 years and older = 1:25. A Center must establish groupings of children for care with maximum group sizes as follows: under 1 year = 12; under 18 months/not walking = 12; 1 year and walking = 16; 2 years = 20; 3 years = 30; 4 years = 36; 5 years = 40; and 6 years and older = 50. It was determined based on a complaint investigation that the center did not maintain the required Staff:child ratios on April 11, 2022 as the Pre-Kindergarten classroom was stated to have been above the required staff:child ratios for several minutes. In addition, the center did not maintain the required Staff:child ratios on April 13, 2022, and on April 14, 2022 as staff: child ratios were not maintained throughout the center due to a staff shortage.

POI (Plan of Improvement)

The Center will hire additional Staff or reschedule current Staff to meet required Staff:child ratios and will organize children into groups that meet requirements.

Correction Deadline: 5/6/2022

591-1-1-.32 Supervision(CR)

Not Met

Finding Associated with Complaint

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtimes, naptime, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtimes and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on a complaint investigation that watchful oversight was not provided on March 30, 2022 during nap time in the Pre-Kindergarten classroom as two children exposed themselves to each other and participated in inappropriate touching.

POI (Plan of Improvement)

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.
