- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. Technical Assistance

The hazards of second-hand and third-hand smoke exposure warrant the prohibition of smoking or vaping (i.e., the use of electronic or e-cigarettes) in proximity of child care areas at any time. Separation of smokers and nonsmokers within the same air space does not eliminate or minimize exposure of nonsmokers to secondhand smoke. Tobacco smoke contamination lingers after a cigarette is extinguished and children come in contact with the toxins. Cigarettes and materials used to light them also present a risk of burn or fire. Georgia law prohibits smoking on the center's premises. This includes, but is not limited to, the interior of the facility, the outside areas on the center's property, and the inside of staff vehicles when present on the center's property.
