Plan of Improvement developed on this date.

Any rule violation which subjects a child to injury or life-threatening situation or any rule violations previously cited but not corrected, may result in the imposition of an adverse enforcement action. Serious or continued noncompliance may also jeopardize participation in one or more DECAL program(s).

Please refer to the website, <http://www.dec.ga.gov/CCS/RulesAndRegulations.aspx>, for information regarding October 1, 2018 rule changes about Criminal Records Checks that may affect your facility. In summary,

- New records checks will be required to be completed if a staff member experiences a six month break in service from the child care industry
- New clearance is required at least once every five years
- Any staff member solely responsible for supervising children will be required to have completed a comprehensive background clearance
- All staff members are required to have completed at least a national fingerprint based clearance check
- Any staff member with only the national fingerprint based clearance, must be under constant and direct supervision of a staff member with a satisfactory comprehensive records check clearance
- Facilities are required to use DECAL KOALA for Criminal Records Checks, including to verify portability of an employee

O.C.G.A. Section 42.1.12(i)(2) requires Bright from the Start: Georgia Department of Early Care and Learning to notify licensed child care programs on accessing and retrieving from the Georgia Bureau of Investigation's (GBI) website a list of the names and addresses of all registered sexual offenders. Please see GBI's website located at <http://gbi.georgia.gov> to access the Georgia Sex Offender Registry.

Bright from the Start recommends that all licensed child care providers carry liability insurance coverage sufficient to protect its clients. If you do not have this liability insurance, you are required to post a notice with ½ inch letters in a conspicuous location in the program, notify the parent or guardian of each child in care in writing, obtain their signature to acknowledge receipt and maintain this written acknowledgment on file at the program at all times while the child attends the program and for 12 months after the child's last date of attendance. (O.C.G.A. Section 20-1A-4)

Important Quality Rated/CAPS Update:

As January 1, 2022, child care providers must be Quality Rated to receive Childcare and Parent Services (CAPS). Newly licensed, or new to CAPS providers may be eligible for the new CAPS/QR Provisional Status, allowing for scholarships while working toward a star rating.

591-1-1-.32 Staff:Child Ratios and Group Size(CR)

Not Met

Comment

Discussed combining children of mixed ages.

Finding

591-1-1-.32(1) requires the Center to maintain the required Staff:child ratios as follows: under 1 year or under 18 months if not walking = 1:6; 1 year and walking = 1:8; 2 years = 1:10; 3 years = 1:15; 4 years = 1:18; 5 years = 1:20;and 6 years and older = 1:25. A Center must establish groupings of children for care with maximum group sizes as follows: under 1 year = 12; under 18 months/not walking = 12; 1 year and walking = 16; 2 years = 20; 3 years = 30; 4 years = 36; 5 years = 40; and 6 years and older = 50. It was determined based on observation the the 2nd Right Classroom had a ratio of one staff member to 12 two-year-old children when a ratio of one staff member to 10 two-year-old children should have been maintained.

POI (Plan of Improvement)

The Center will hire additional Staff or reschedule current Staff to meet required Staff:child ratios and will organize children into groups that meet requirements.

Correction Deadline: 11/10/2022

Finding

591-1-1-.32(7) requires that children be supervised at all times appropriate to the individual age, needs and capabilities of each child. Such supervision must include, but not be limited to, indoor and outdoor activities, mealtime, nap time, transportation, field trips, and transitions between activities. "Supervision" means that the appropriate number of Staff members are physically present in the area where children are being cared for and are providing watchful oversight to the children, volunteers and Students-in-Training. The persons supervising in the child care area must be alert, positioned to maximize their ability to hear and see the children at all times, and able to respond promptly to the needs and actions of the children being supervised, as well as the actions of the volunteers and Students-in-Training, and provide timely attention to the children's actions and needs. Staff shall be attentive and participating with all children during mealtime and shall be seated within an arm's length away from children thirty-six (36) months of age and younger. It was determined based on observation that upon arrival the 2nd Right Classroom the staff member was at the carpet area and two two-year-old children were sitting at the table eating. Staff was not within arms length away from the children.

POI (Plan of Improvement)

The Center will train Staff and monitor to ensure they are providing supervision and watchful oversight to the children at all times.
