<b>General Administration</b>		<b>Not In Compliance</b>
<b>225 - Licensee Responsibility</b>		<b>Not In Compliance</b>
<b>922 KAR 2:090. Section 8. General.</b> <b>(1) A licensee shall:</b> <b>(a) Be responsible for the operation of the child-care center pursuant to this administrative regulation, 922 KAR 2:120, and 922 KAR 2:280; and</b> <b>(b) Protect and assure the health, safety, and comfort of each child.</b>		
<b>Findings:</b> General: Based on interview, it was confirmed that the facility did not provide for the health, safety, and comfort of a child when the child was pushed from the top of a slide. Interviews with staff indicated that at first no one knew exactly what happened to the child; however, the child told the parent that another student pushed him from the top of the slide, resulting in the child falling and breaking his arm in two places. Although staff was within sight and sound of the children on the playground, staff's attention was directed toward another slide. Thus, a child's safety was jeopardized.
