922 KAR 2:090. Section 10. Director Requirements and Responsibilities.	
(1) A director shall:	
(I) Assure the health, safety, and comfort of each child;	
Findings:	
General: Based on Review of Documentation, and interview it was found that this regulatory requirement was not met. Based on photo evidence it was found that a gutter outside near the playground area had a sharp corner that was not properly in place. In addition, a child at the facility tripped and fell into the corner of the gutter which resulted in a gash to his face. Based on interviews, it was reported that the director immediately went out to the playground and fixed the gutter temporarily until maintenance could come replace the gutters. The gutters have now been replaced with all plastic.
