5 - Children Supervised	Not In Compliance
<p>922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child will be: 1. Provided with adequate supervision at all times by a qualified staff person who: a. Ensures the child is within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;</p> <p>Findings: General: Based on interview and review of documentation, a staff person lead a class of children down the hall to the gym and a four-year-old child was left behind in the classroom, alone, for approximately twenty (20) minutes. The child was found in a locked classroom by a parent who was picking up a child. The documentation regarding the departure times for some of the children is unclear and there was no documentation as to when the class transitioned to the gym area so a definitive timeframe of events could not be established. However, based on interview with staff and parents, the child was alone for twenty (20) minutes. The parent who found the child described her as sobbing and her sleeves were covered in snot and wet from tears. The twenty (20) minute time period was calculated using interviews, sign in/out sheets, and daily schedules.</p>
