Inspection Report	
General Administration	Not In Compliance
210 - Licensee Responsibility	Not In Compliance
922 KAR 2:090. Section 8. General. (1) A licensee shall be responsible for the operation of the child-care center pursuant to this administrative regulation, 922 KAR 2:120, and 922 KAR 2:280.	
Findings:	
General: Based on interview, record review and review of video footage, this regulatory requirement was not met. On 12/16/20, a one-year-old child was not protected from harm when she received an injury after a staff member pulled her by her arm. Via review of video footage, it was confirmed the staff moved the child by holding her arm while walking her in a circle away from a specific area. The staff person was holding onto the child's arm while redirecting her. Following the incident, staff noted that the child was not acting normal as she seemed tired and refused to eat. The child's guardian was contacted and the child went home early. Later in the evening, the child was taken for medical treatment and was diagnosed with an injury to her elbow.
