Supervision	Not In Compliance
5 - Children Supervised	Not In Compliance
<p>922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child will be: 1. Provided with adequate supervision at all times by a qualified staff person who: a. Ensures the child is within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;</p> <p>Findings: General: Based on Observation, the child care center failed to maintain adequate supervision in accordance with regulations. Observation at 4:15pm revealed a ten-year-old child left the cafeteria which was supervised by the director and was immediately met in the hallway by the assistant director. However, continued observation revealed the assistant director immediately returned into the room that she was supervising, leaving the ten-year-old child to walk alone thru the school hallways out of the scope of vision and range of voice of all staff members for approximately forty-five (45) seconds until she arrived at her classroom which was supervised by a staff member.</p>	
Staffing Requirements	In Compliance
Programming	Not In Compliance
385 - Discipline	Not In Compliance
<p>922 KAR 2:120. Section 2. Child Care Services. (10) A child shall not be subjected to: (a) Corporal physical discipline pursuant to KRS 199.896(18); (b) Loud, profane, threatening, frightening, or abusive language; or (c) Discipline that is associated with: 1. Rest; 2. Toileting; or 3. Food.</p> <p>Findings: General: Based on Interview and Review of Documentation, the child care center failed to comply with regulatory programming requirements. Interviews revealed a staff member made the following comments in the presence of children in care: (1) "If my mother was here, she would wash your mouth out with soap"; (2) "I just ought to whoop you"; (3) "Back in the day, children were spanked"; and (4) "Shit!" Interviews revealed the staff member did not intend for these comments to be threatening to the children in care; however, further interviews and review of documentation revealed these comments were deemed by some parents as profane, threatening, frightening, or abusive language to their children who were in the care of this staff member.</p>
