Findings:		
General: Based on interview and review of documentation, the child care center director failed to assure compliance with regulatory requirements in regards to the health, safety and comfort of a child in care. Interviews revealed that the staff member with hire date 5/24/18 lifted the child above her head while dancing and dropped a child on their face causing a hairline fracture behind her right eye. The aforementioned staff member also did not report an accurate detail of the incident to the director causing her to misinform the parents of what actually happened to their child.
