Not In Compliance

922 KAR 2:405E. Emergency Regulation.

Due to the current declared public health emergency caused by the Novel Coronavirus Disease (COVID-19), licensed child care centers must operate under Centers for Disease Control and Prevention and public health guidelines, as mandated by 922 KAR 2:405E, to prevent the spread of COVID-19.

Findings:

General: Based on observation, upon arrival, a child who was indentified as school-aged was initially grouped with the children in the classroom known as the Nimo room, which is comprised of children between three-years-of-age and four-years-of-age. Shortly thereafter, the school-aged child moved to the classroom known as the School-Aged room. Therefore, the center failed to assure compliance with the regulations specific to the current pandemic, as established in 922 KAR 2:405e, in regards to maintaining children in the same group once the group is established for the day.
