922 KAR 2:090. Section 8. General. (1) A licensee shall: (a) Be responsible for the operation of the child-care center pursuant to this administrative regulation, 922 KAR 2:120, and 922 KAR 2:280; and (b) Protect and assure the health, safety, and comfort of each child.	
Findings: General: Based on interview, the following was found: 1) On 05/04/2022, a three-year-old child was given a shower while at the facility. Staff stated that the child's clothes and slippers were very soiled and smelled. Staff also stated that the child's hair was dirty and her body smelled so staff asked the child if she would like a shower and the child said, "yes". There were 2 staff present during the shower, which is located upstairs in the facility. Staff stated that all of the child's clothes were removed and 1 of the staff members used Baby Suave Shampoo and Body Wash on the child's hair and entire body including her vagina. Staff stated that a wash cloth was used on the child's body. Staff stated that the child's clothes and slippers were laundered. The parent of the child found out about the shower after the child mentioned it at pick up time. The parent was not notified prior to staff giving the child a shower. 2) On more than one occasion, a one-year-old child, who is the sibling of the three-year-old child, was given a bath in a classroom sink. Staff stated that on more than one occasion the one-year-old child had an odor to him, was visibly dirty and his clothes were dirty. All of the child's clothes were removed when the bath was given to the one-year-old child. Staff stated that the sink in the classroom the child was bathed in is also used for children to wash their hands. Staff stated that the sink is properly sanitized after a bath is given. Staff stated that the parent was not notified when the child was given a bath.
