## 125 - Ratios and Group Size

Not In Compliance

**922 KAR 2:120. Section 2. Child Care Services.**

**(2) For an operating child-care center, minimum staff-to-child ratios and group size shall be maintained as established in the table established in this subsection.**

**Age of Children Ratio Maximum Group Size\*****Infant****1 staff for 5 children 10****Toddler 12 to 24 months****1 staff for 6 children 12****Toddler 24 to 36 months****1 staff for 10 children 20****Preschool-age 3 to 4 years****1 staff for 12 children 24****Preschool-age 4 to 5 years****1 staff for 14 children 28****School-age 5 to 7 years****1 staff for 15 children 30****School-age 7 and older****1 staff for 25 children****(for before and after school) 30****1 staff for 20 children****(full day of care) 30**

**\*Maximum Group Size shall be applicable only to Type I child-care centers.**

**(b) The age of the youngest child in the group shall determine the:**

**1. Staff-to-child ratio; and**

**2. Maximum group size.**

**Findings:**

General: Based on review of documentation and interview, this regulatory requirement was not met. An interview with staff during the investigation found that on 6/20/22, one staff person cared for 21 children (four - five year olds) alone in Room #8 (Pre-K Classroom) from approximately 10:00AM - 3:00PM. Since the youngest child in the group was a four year old, the minimum staff to child ratio would need to be one staff person for 14 children. The facility exceeded the staff/child ratio by seven children.

The staff person in-charge stated that several staff, including herself had called in sick on 6/20/22 and three additional staff were scheduled to be off on 6/20/22 which led to the understaffing issue.
