Inspection Report	
General Administration	Not In Compliance
205 - Reports to Cabinet	Not In Compliance
<p>922 KAR 2:090. Section 13. Reports.</p> <p>(1) The following shall be reported to the cabinet or designee and other agencies specified in this section within twenty-four (24) hours from the time of discovery:</p> <p>(a) Communicable disease, which shall also be reported to the local health department pursuant to KRS 214.010;</p> <p>(b) An accident or injury to a child that requires medical care initiated by the child-care center or the child's parent;</p> <p>(c) An incident that results in legal action by or against the child-care center that:</p> <p>1. Affects a child or staff person; or</p> <p>2. Includes the center's discontinuation or disqualification from a governmental assistance program due to fraud, abuse, or criminal conviction related to that program;</p> <p>(d) An incident involving fire or other emergency, including a vehicular accident when the center is transporting a child receiving child care services;</p> <p>(e) A report of child abuse or neglect that:</p> <p>1. Has been accepted by the cabinet in accordance with 922 KAR 1:330; and</p> <p>2. Names a director, employee, volunteer, or person with supervisory or disciplinary control over, or having unsupervised contact with, a child in care as the alleged perpetrator; or</p> <p>(f) An individual specified in Section 6(4) of this administrative regulation meeting a disqualifying criterion or background check result pursuant to 922 KAR 2:280.</p>	
Findings:	
<p>General: Based on interview and review of documentation, on 5/24/2021 at 5:20 p.m. the facility sent notification to the DRCC Eastern Branch that Child #1 was injured at the facility on 5/20/2021 after slipping on plastic toys keys the children had dumped on the floor. Child #1 would cry when trying to stand and put weight on his right leg. The facility contacted Child #1's parents and informed them of what happened. Interviews with staff and Child #1's parent found the facility was informed when Child #1 was picked up at the facility that Child #1 would be taken to the pediatrician for evaluation. Further interview found that the parent contacted the facility on the way to the pediatrician's office and spoke with staff to obtain more detail of what happened to assure all information could be given to the pediatrician. The parent contacted the facility later that evening and stated Child #1's leg was not broken. However, the parent stated Child #1 had hyper-extended his knee and would not be at the facility on 5/21/2021. On 5/24/2021 the parent contacted the facility and informed them a radiologist had contacted them late on 5/21/2021; the radiologist told them Child #1 had a buckle fracture and should be taken to the emergency room to have a cast put on Child #1's leg. The parent also asked if the facility staff could care for Child #1 at the facility while the child is in the cast. Child #1 was brought to the facility for care on 5/24/2021. A review of the submitted incident report confirms the incident happened on 5/20/2021. The facility was informed the same day by the parent at least twice that Child #1 would be taken to the pediatrician for evaluation. The facility was also contacted by the parent the same day after the child had been to the pediatrician. The facility did not report the incident to the Division of Regulated Child Care within 24 hours as required by this regulation.</p>
