<p>922 KAR 2:120. Section 2. Child Care Services. (3)(a) Each center shall maintain a child-care program that assures each child shall be: 1. Provided with adequate supervision at all times by a qualified staff person who ensures the child is: a. Within scope of vision and range of voice; or b. For a school-age child, within scope of vision or range of voice;</p>	
Findings:	
<p>General: Based on interview, it was determined that a two-year-old child was left unsupervised on the playground for approximately one to three (1-3) minutes. As a staff member opened the door to the facility from a walkway leading from the Toddler playground, several of her students began to enter the building. At this time a two-year-old child left the line of students and was able to re-enter the Toddler playground. The staff member in charge of this group called for assistance, and another staff member was able to retrieve the child and bring him back to the classroom.</p>
