<b>No. of Children Present:</b>		

Inspection Report	
Emergency Regulation	Not In Compliance
<b>1255 - Emergency Regulation</b>	<b>Not In Compliance</b>
<b>922 KAR 2:405E. Emergency Regulation.</b>	
<b>Due to the current declared public health emergency caused by the Novel Coronavirus Disease (COVID-19), licensed child care centers must operate under Centers for Disease Control and Prevention and public health guidelines, as mandated by 922 KAR 2:405E, to prevent the spread of COVID-19.</b>	
<b>Findings:</b>	
General: Based on interview, the child care center failed to comply with the regulatory requirements specific to the current pandemic, as established in 922 KAR 2:405E. In accordance with 922 KAR 2:405E Section 4 (3), each child shall remain in the same group throughout the day without interacting with another group. Telephone interview with the staff in charge on 10/27/2020, in response to a reported positive case of COVID-19, revealed that children from both three-year-old classrooms are combined together at the beginning and end of each day. Additionally, the practice of combining children from one group with children from another group is a common occurrence among the other age groups.
