Inspection Report

General Administration

115 - Reports to Cabinet

Not In Compliance

922 KAR 2:110. Section 6. Reports.

(1) The following shall be reported to the cabinet or designee and other agencies specified in this section within twenty-four (24) hours from the time of discovery:

- (a) Communicable disease, which shall also be reported to the local health department pursuant to KRS 214.010;
- (b) An accident or injury to a child that requires medical care;
- (c) An incident that results in legal action by or against the child-care center that:
 - 1. Affects a child or staff person; or
 - 2. Includes the center's discontinuation or disqualification from a governmental assistance program due to fraud or abuse;
- (d) An incident involving fire or other emergency, including a vehicular accident when the center is transporting a child receiving child care services; or
- (e) A report of child abuse or neglect that:
 - 1. Has been accepted by the cabinet in accordance with 922 KAR 1:330; and
 - 2. Names a director, employee, volunteer, or person with supervisory or disciplinary control over, or having unsupervised contact with a child in care as the alleged perpetrator.

Findings:

General: Based on interview and review of documentation, a six (6) year old child got his left pinky finger caught in a metal restroom stall door on 9/22/15. The child received medical care and staff was informed of the child's medical care on 9/23/15. Review of the center's incident report determined the cabinet was notified of the incident on 9/25/15. An interview determined another incident occurred on 9/4/15. The same six (6) year old child fell and received a knot on his forehead while at the center. The child received medical care on 9/4/15, and a staff member at the center was notified of the medical care on 9/14/15. Therefore, the center failed to report the incidents within twenty-four (24) hours of discovery.
