922 KAR 2:090. Section 10. Director Requirements and Responsibilities.	
(1) A director shall:	
(l) Assure the health, safety, and comfort of each child;	
Findings:	
General: Based on observation and interview, the surveyor found the following:	
1. Two (2) infant children had a pacifier attached with a clip while asleep in their cribs. The clip provides a strangulation risk while the infants are asleep.	
2. One (1) infant child sleeping in a crib was observed with a bib in their hand. The bib can cause a choking or strangulation hazard while the infant is asleep.	
3. The Threes and Fours classroom, during naptime, were not properly lit, i.e., areas where children were napping were not visible.	
During interview with staff in charge, she stated that she was not aware that pacifiers could not have the clip attachments. She stated that the infant was wearing the bib when laid down to sleep and probably "ripped" it off. She stated that when going in the classroom during naptime, your eyes adjust after a few minutes
