Director Requirements

265 - Health, Safety, Comfort

Not In Compliance

922 KAR 2:110. Section 4. Director Requirements and Responsibilities.

- (1) Effective with the adoption of this administrative regulation, a director shall:**
- (l) Provide for the health, safety, and comfort of each child;**

Findings:

General: Based on Observation, and interviews, the child care center director failed to assure compliance with regulatory requirements. Based on observation, holly bushes, containing berries, were growing along one side of a chain link fence, which enclosed the playground. Based on interview, the bushes had grown through the fence and were accessible to the children on the playground, thereby compromising the health, and safety of the children, resulting in a child accessing a berry and placing it in her nostril, which required medical treatment to have it removed. Based on interviews, the holly bushes had been trimmed after the incident to prevent further occurrences.
