922 KAR 2:090. Section 9. Records.
(1) A child-care center shall maintain:
(a) A current immunization certificate for each child in care within thirty (30) days of the child's enrollment, unless an attending physician or the child's parent objects to the immunization of the child pursuant to KRS 214.036;

Findings:

General: Based on review of documentation presented and interview, the surveyor found:

1. A child's (DOE: 09/19/16) file contained an immunization certificate that was no longer current as of 12/31/17. Staff reported this was the most recent immunization certificate that was provided to the child care center.

2. A child's (DOE: 12/05/18) file did not contain an immunization certificate. Staff reported they have the immunization certificate; however, it was not presented during the time the surveyor was at the child care center.
