Director Requirements	Not In Compliance
350 - Health, Safety, Comfort 922 KAR 2:090. Section 10. Director Requirements and Responsibilities. (1) A director shall: (l) Assure the health, safety, and comfort of each child;	Not In Compliance
Findings: General: Based on observation and interview, the child care center director failed to assure compliance with regulatory requirements. Observation of the center on 11/14/18 revealed a chaotic environment that jeopardized the health, safety and comfort of children in care. Observation in the Full Day Full Year classroom revealed several children climbing on tables, chairs and bookshelves, throwing classroom items, pushing other children and pushing open doors attempting to exit the classroom. Observation of the cafeteria during lunch time revealed several children running through the cafeteria and a child kicking a teacher several times in the leg when redirected to stop running. Interviews revealed these behaviors had been occurring at the center since the summer and that recently the center has begun to implement a plan to address it.
